559 A

Magnetic locking socket holder

- Ideal for keeping organized a set of sockets
- Aluminum body, painted with epoxy process
- Magnetic base protected by a thin rubber layer which avoids damaging the metal surface to which it will be fixed
- Clips with square drive, equipped with ball bearing, to keep the socket locked
- 360° adjustable clips, to quickly identify the socket size
- Possibility to customize the number of clips, removing the plastic parts mounted on the side (up to a maximum of 14 clips)
- Possibility of anchoring the holder to a panel, using the holes located on the lateral plastic parts
